

WELCOME TO THE FIRST CALIFORNIA 'WINE IN A TUBE'

BOTTLES • 3 LITERS • 34 FL OZ

helping the planet by reducing the carbon footprint and landfill waste. 2 You are getting \$100 worth of wine for a fraction

## FOUR WINES 2006 CALIFORNIA CABERNET SAUVIGNON

FOUR Wines has developed the first-ever luxury California wine in a "tube" which eliminates heavy glass, corks and foils, reducing its carbon footprint by 50% over traditional wine bottles and is 100% recyclable. Winemaker Barry Gnekow sourced and crafted FOUR's first release, an exceptional California Cabernet Sauvignon, from the Monterey, Paso Robles and Lodi appellations. Comparable to Cabernets at more than twice the price, the FOUR Cabernet far exceeds the quality of similarly packaged wines in its sleek and sexy tube!

APPELLATION California

COOPERAGE 14 mos. French & Am. oak

ALCOHOL 14.8%

PACKAGE 3 Liter (equal to 4 bottles of wine)

PRODUCTION 4,000 cases (16,000 tubes)

WINEMAKER NOTES Dark, firm, and beautifully structured, this wine opens with exotic aromatics of toasty spice and bright cherry, followed by generously layered flavors of currant, black cherry, plum and toffee. A long, intricate finish is boosted by a nice seam of acidity. A great accompaniment to a wide variety of dishes—this is your wine for fall and winter entertaining!
